## Facts and figures <br> on our <br> schools

THE Department for Education has published the annual secondary school performance tables.
They cover GCSE and A-level examinations, together with their equivalents, taken by pupils last summer, and are intended to provide a guide for parents, teachers and education officials as to how different schools perform.

## Key to the table:

A: Number of pupils at the end of Key Stage 4
B: Progress 8 score, which aims to capture the
progress a pupil makes from the end of primary school to the end of secondary school.
C: Percentage of pupils achieving grades $\mathrm{A}^{*}-\mathrm{C}$ in both English and mathematic GCSEs.
D: Percentage of key stage 4 pupils achieving the English Baccalaureate.
E: Percentage of pupils achieving $5+A^{*}-C$ or equivalents including $\mathrm{A}^{*}-\mathrm{C}$ in both English and mathematics GCSEs.
F: Ranking within the local education authority. Ties are broken by numbers of pupils in a school and further by the number of pupils achieving $5+\mathrm{A}^{*}-\mathrm{C}$ or equivalent.
